MEMORANDUM FOR: Executive Assistant/DCI
FROM : Administrative Officer, DCI
SUBJECT : DCI Foreign Travel (21-27 March 1976)

[REDACTED]

1. According to my information, the members of the Director's party [REDACTED] will include the following individuals of the Office of the Director: [REDACTED] and yourself. Mrs. Bush and [REDACTED] will also be members of the Director's party. I'm assuming that all except Mrs. Bush and [REDACTED] will travel on "official government business" and am therefore requesting official passports. Since the travel of Mrs. Bush and [REDACTED] is "personal," they will travel on tourist passports. Question: Are my assumptions correct?

2. In order to process the passport application, I need the Director's signature on the attached Form 2972.

3. State Department Form DSP 82 should be completed for Mrs. Bush if she desires to apply for a tourist passport by mail. If she prefers to do it in person, she should visit the Passport Office at 1425 "K" Street, N. W. Since it takes two to three weeks to get a passport, action should be initiated soon.

4. I will process all of the documents necessary for procurement of official passports for Mr. Bush and you. [REDACTED] are aware of what is necessary in order for them to acquire the necessary passports.

The notes attached are required to correct two errors on my part. I incorrectly addressed the note for [redacted] and DDS&T requested correction. Also, I was under the misconception that the note to Mr. Plummer had already been written and sent. I would appreciate your asking the Director to sign these. Again, please return to me for distribution through Mr. Plummer's office.

The Honorable James W. Plummer
Under Secretary of the Air Force

Dear Jim:

STATINTL

We have completed the follow-up actions initiated by the February [redacted] trip, and have sent notes of thanks to your people involved. I want you to know how grateful I am for the really first-rate support which you and your people gave me and my staff. I especially want to mention the orchestration provided by Dr. Cook and Maj. Gen. Kulpa. Their efforts were invaluable in maximizing our education in the short time available.

In reflecting on our trip and what we observed and learned, it is clear to me that your Program is one of a very few premiere technical efforts in the nation. Everywhere it was evident that the Program incorporates the most efficient management, the most capable people, and the most advanced equipment. To be its Director must be a great source of pride to you. My thanks for making so much of it available to me on short notice.

STATINTL

Very truly yours,

George Bush
